

## Your Parish Needs and Community Infrastructure Levy

### Your Parish Needs and CIL

This short survey provides the opportunity to contribute to and inform the thinking process of MSDC Infrastructure Development Program (IDP) and Community Infrastructure Levy (CIL)

#### 1. Parish name?

#### 2. What is the status of your parish and community plans?

- Our parish has previously completed a Parish Plan
- Our parish is currently undertaking a Neighbourhood Plan
- Our parish has completed a Neighbourhood Plan

#### 3. How well informed are you about Community Infrastructure Levy?

- Very well informed
- Well informed
- Would like to know more
- Not well informed

#### 4. Taking into account ongoing or potential new developments, changing demographics within your parishes and newcomers, which infrastructure and

services will these be factors adding pressures to?  
(Consider all areas such as Health Care, Social care, Education, Fire and Rescue Services, Police and safety, Leisure, Tourism and Utilities.)

1	road system / highways /car parks
2	health services (GP Surgeries)
3	Utilities (water and electricity)
4	Senior Schools and Colleges
5	Primary Schools
6	Emergency Services
7	Leisure Facilities
8	Elderly Care

5. Of the list above, what will be your top three priorities should you have to manage or spend CIL?

First priority	Roads
Second priority	Education
Third priority	Health

6. Any other comment on CIL?

The Town Council has regularly updated the MSDC infrastructure schedule and we would refer to that. Additionally the funds must be passed to the Parish or Town Council to determine the spend and benefit from any interest. If the decision is made that MSDC are to manage the funds, there can be no veto of the desire of the Town or Parish and a calculation of interest must be negotiated and paid to the Parish or Town Council.
