RAILINGS

The railings at East Court have had a fresh coat of paint. These railings have been part of the estate for many years, and after their refresh they're looking as good as new.

THE FAIRY TRAIL

All of the old, very dry wood has been cleared from the Fairy Trail. With the current dry conditions, we are doing all we can to help keep the area safe and protect the woodland for everyone to enjoy. By removing the driest material, we are also helping to reduce the risk of accidental fires and any temptation for fires to be started along the trail.

THE OLD COURT HOUSE

Work is progressing well on the separation of areas within the Old Court House. These improvements will enhance security for both nurseries and provide better facilities for all hirers.
